

RECYCLING SURVEY

A group of local citizens met and decided to investigate the possibility of Middleton implementing a recycling program.

Middleton is the ONLY town in the area that does not recycle.

We visited the following towns, and they all have a recycling program.

Alton, Farmington, Milton, New Durham, Wakefield, (Union & Brookfield) Wolfeboro

All household waste would continue to be placed at the curbside for weekly pick up.

All recycleables will be segregated and placed in a single container for pick up every other week. (twice a month)

For your information, the town currently pays \$13.95 per household per month for trash pick up.

Adding recycling, the town's cost could increase by \$1.25 with 18% of town residents participating.

A higher participation of recycling by households will reduce the price accordingly.

The license for the Rochester Landfill expires in 2025.

ARE YOU IN FAVOR OF RECYCLING FOR THE TOWN OF MIDDLETON?

YES

NO
